County Spelling Bee

Castle Rock students Aileen Hernandez and Jennifer Salinas competed in the Tulare County Spelling Bee held at the Visalia Convention Center on Wednesday. Castle Rock students battled it out a few weeks ago for the opportunity to compete at the county level. It was great to see our students competing against 225 other local competitors. Although the Castle Rock students did not place, the exposure and experience will be something they never forget. The 4 students (2 competitors and 2 alternates) presented themselves with confidence and represented our community well. Great job students and special thanks to Mrs. Bolanos for working hard on preparing our students and to Donna Fraser for assisting us. #SpellWarsII

Olympics @ CRES

In the STEAM class this week students learned about two Olympic events as they focused on finding multiple solutions to a problem. 3rd graders engineered their own rocks for curling while 4th and 5th graders created nets and sticks for hockey .

Announcements:

* Mar 2nd: Dr. Seuss Day

* Mar 3rd: My Plate Color Run

* Mar 9th: End of Trimester 2

* Mar 12, 13 & 14: Parent—Teacher Conferences

Readers are Future Leaders

As you know Castle Rock students have been working hard all year. A large number of students are making huge strides in their reading levels and the amount of reading is off the charts. I wanted to recognize a handful of students who are reading and leading the way.

Our 3rd grade top 3 AR point earners are Neveah Castillo, Alexander Tafoya and Amritpreet Kaura. The 4th grader top 3 are Juan Ramirez, Navpreet Turna and Layla Ornelas. 5th grade top 3 includes Dayanara Jaimes, Mia Corrales and Felipe Arambula.

If reading was an Olympic sport they would all be walking around with shiny medals around their necks. Great job students. You make us all very proud.

This is your friendly neighborhood Principal, Mr. Trevino, have a great weekend.
