Picture Day

Castle Rock students and staff have been wearing their smiles all week in preparation for Picture Day. They sound so excited about the process. I've talked to a few students who were waiting to get their picture taken and they sounded like picture day is the best day ever. The cafeteria staff has been very helpful in accommodating the Life Touch staff. Students also had the option to eat lunch outside today.

Many of them enjoyed the wonderful weather. Kudos to everyone involved and making this such a fun and exciting part of our students school day.

Tigers Visit

2 of Woodlake High Schools finest arrived early this morning to promote the first ever Castle Rock Elementary Night at tonight's football game. Castle Rock students were so happy to hear the personal invite to tonight's game. We are very fortunate to have High School mentors taking time to visit our school site. Wildcats are ready to Roar our football players to victory. I am looking forward to a great turn out tonight and some nachos from the concessions stand. Good luck Tigers!!!

Announcements:

- * October 6th: Elementary School Night @ Woodlake High Football game vs. Strathmore (5:30PM)
- * October 7th: Cardboard challenge
- * October 9th-12th: Parent/Teacher conferences
- * October 11th: Board Meeting
- * October 13th: Student of the Month

Full STEAM Ahead

"This week 3rd graders are finishing up their butterfly projects while 4th grade finishes engineering tables to hold farmer Sam's harvest. 5th graders are working on a landforms reference guide by creating a foldable. Students are featuring oceans, plains, deserts with cactus and sand, valleys, mountains with rivers and lakes, plateaus, and ice-caps. This two week project will help students understand the land they live in as they study the history of the United States."

-Mrs. Wade

This is your friendly neighborhood Principal Mr. Trevino. Until next time...GO WILDCATS!
